

# America, Wake Up!

## Foreign Terrorists are Not the Greatest Source of Harm to Americans!

Justice, freedom, and liberty for all? Forget it. The public is paying a grave price for not addressing reality! There is a literal secret government in America preying upon the people. The following are a few of the tactics used to keep people from learning the ugly truth:

- A former federal agent sent to federal prison by federal judges and Justice Department prosecutors for having filed federal actions seeking to report corruption in the government's aviation safety offices. Discover hidden links to the real blame for the conditions responsible for 9/11.
- Federal judges corruptly seizing the life assets of that former federal agent to eliminate the funding used to expose the corruption responsible for years of fraud-related airline tragedies.
- Unlawful and unconstitutional orders by federal judges and Supreme Court Justices that have made that former federal agent a man without a country.
- A former highly decorated Vietnam hero and FBI Special Agent, sentenced to 80 years in federal prison on false charges after he circumvented FBI cover-ups and reported FBI-CIA corruption to members of Congress. Discover the pattern of murders by FBI agents being kept from the American people.
- People falsely charged and sentenced to prison on drug and other offenses, knowingly using perjured testimony.
- Government officials seizing the assets of people who are never charged, or convicted, and refusing to return the assets.
- The mindset and culture in the government's aviation safety offices, the FBI and CIA, where the real blame exists for the conditions that enabled terrorists to hijack four airliners on 9/11.
- Secret bank accounts for well-known politicians through covert CIA companies.
- Endless series of covert and corrupt activities: October Surprise; Operation Tailwind, and many others.
- Widespread cover-ups of all of the above corruption by virtually every government and non-government check and balance.
- Bribes to certain media people by CIA and other government entities to cover up corrupt activities and to shill for White House and other politicians.
