

Can Americans Trust the Supreme Court With Constitutional Due Process?

Former federal agents reveal documented pattern of judicial misconduct, including due process violations associated with attempts to block federal agents from reporting corrupt activities in key government and judicial positions. Without addressing the merits of the Supreme Court's decision in *Bush versus Gore*, the evidence shows betrayal of public trust, contempt for due process and the rule of law, by federal judges and Supreme Court justices. This documented misconduct covers a 20-year period and reveals federal judges and Supreme Court Justices:

- **Obstructing justice**, blocking the reports of corrupt activities in government, which were being reported by former federal agents, as required to be made by the federal crime reporting statute, Title 18 U.S.C. § 4. These criminal activities included years of CIA drug smuggling, widespread judicial corruption in bankruptcy courts, and much more, as detailed in *Defrauding America*, *Unfriendly Skies*, and *Drugging America*. These obstruction of justice offenses are federal crimes under Title 18 U.S.C. §§ 2, 3, 4, 241, and 371.
- **Unlawfully and unconstitutionally barring a government whistleblower from federal court for the remainder of his life**, which blocked his reporting of government corruption under the federal crime-reporting statute and blocked his defense against retaliatory judicial violations of civil and constitutional rights. The same judges entrusted to enforce the laws and Constitution are shown as being the worst violators of these protections, while concurrently blocking the reports of corruption in government.
- Sentencing a **former federal agent to federal prison in retaliation for reporting the criminal activities**, which is a federal offense under criminal statutes (Title 18 U.S.C. §§ 241, 242, 245, 246, 1505, 1510, 1512, 1513(b), 1515, 42 U.S.C. §§ 1983-1988) and under the nation's civil rights statutes, including the due process that allegedly motivated the Supreme Court Justices in the *Bush versus Gore* matter.
- Charging *that* former federal agent with **criminal contempt of court for exercising constitutional due process** against record-setting civil and constitutional violations. These are felonies under Title 18 U.S.C. § 241.

All of these judicial offenses, and **many more**, are detailed and documented in the third editions of *Defrauding America* and *Unfriendly Skies*, with reference to them in a federal lawsuit appearing at www.defraudingamerica.com/lawsuit_progress.html.
