

DEEP-COVER INSIDERS REVEAL WORST ONGOING SCANDALS IN U.S. HISTORY

*There is no longer an excuse for any American to remain uninformed. Get your copy of **Defrauding America (1998 Edition)**—the book the Association of National Security Advisors calls “Required reading for anyone concerned with national security abuses ...”*

A coalition of 30 government agents (FBI, CIA, DEA, drug traffickers from within Colombian drug cartels) detail and document the Trojan-Horse-like corruption among the three branches of government and the disinformation and cover-ups by members of Congress, federal judges, Supreme Court justices and much of the broadcast and print media. Within this 753-page encyclopedia can be found details and documentation relating to such scandals as:

- **Decades of CIA drug trafficking into the United States**, often with organized crime, later joined by the Drug Enforcement Administration, the military and the National Security Council.
- **Bill Clinton, the far more serious misconduct omitted in the independent counsel's report**, covered up by most of the media. Includes Clinton's ties to the CIA and to drug trafficking and its bipartisan nature.
- **America's political prisoners**. Government agents and citizens falsely accused after seeking to expose government corruption.
- **Pattern of scandals** revealed by those government agents who were involved, including October Surprise, Inslaw, BCCI, Iran-Contra, looting of Chapter 11 assets, CIA looting of savings and loans and other financial institutions, all kept from the uninformed American people.
- **Secrets behind the bombing of PanAm Flight 103 and the downing of TWA Flight 800**.
- A professional air safety and accident investigator's description of the downing of TWA Flight 800 and the prior missile warning letters kept from the public.
- America's human rights and political prisoners hypocrisy.
- No conspiracy theories: Just the facts as discovered or participated in by government agents and deep-cover operatives.
