

# Discover the Intrigue in Government Offices Revealed by Former Government Agents, Drug Smugglers, and Mafia Personnel

The books written by and with the input from large numbers of former government agents exceeds any college course that could focus on the intrigue in the three branches of government, as never before revealed, as described by a former federal government agent, with input from agents of the FBI, CIA, DEA, FAA, Customs, Secret Service, and former drug smugglers and Mafia figures. Serious matters affecting national security and other national interests are addressed. Covert activities and their cover-ups include the following:

- Operation October Surprise, the covert operation to delay the release of hostages held by Iran
- Drug smuggling into the United States by people in the CIA and other government offices.
- Misconduct in the government's aviation safety offices and related aviation disasters—including 9/11.
- Secret funding and arming of Iraq by White House politicians—and the blowback consequences.
- Corruption in the federal courts, including federal judges blocking former federal agents from reporting criminal and subversive activities in government offices.
- Misuse of government power to silence government and other whistleblowers.
- CIA looting of the savings and loans and other financial offenses.
- Surface-to-air missiles made available to terrorists by CIA and FBI officials.
- Inslaw and the crimes of Justice Department officials.
- FBI agents exposing government informants for subsequent murders in the Boston and New York offices.
- Covert CIA airlines and drug smuggling.
- Operation Tailwind—as revealed by involved parties.
- Secret funding by CIA of politicians and media personnel.
- Misconduct in government offices that created the conditions enabling terrorists to hijack four airliners on 9/11.
- Unprecedented lawsuits filed by former government agents seeking to report criminal activities in government offices.
- Why those in control of the “system” will block the public from learning of these matters.
- The “butterfly effect” consequences that threaten the American people. More information at [www.defraudingamerica.com](http://www.defraudingamerica.com).
