

Terrorists Were Not the Only Cause For the September 11 Tragedies!

Former federal agents reveal corruption in government complicity in the 3,000 deaths:

- Documented corruption by CIA, FBI and federal judges that blocked government agents from reporting criminal and subversive activities, including those related to terrorism and hijackings.
- Documented corruption within the Federal Aviation Administration, combined with incompetence, that permitted 40 years of fatal hijackings and other preventable tragedies to occur.
- Corruption within the Justice Department, including:
 - Practice of filing sham criminal charges against government agents and others who expose corruption.
 - False criminal charges against counter-terrorism expert that blocked investigation into the theft of Russian suitcase nuclear bombs, thereby blocking efforts to halt the thefts and preventing discovery of the terrorist groups that acquired the weapons.
 - False criminal charges against head of a multi-agency drug task force that blocked the investigation into the drug related funding of Jersey City terrorists, who subsequently bombed the World Trade Center in 1993.
 - False criminal charges against a covert DIA agent who reported the CIA-DEA drug smuggling operation which facilitated the placement of the bomb on Pan Am Flight 103 that blew up over Lockerbie.
 - False criminal charges against former Mossad agent and head of an international investigative firm after he filed a report related to the bombing of Pan Am Flight 103 similar to what the DIA agent had reported.
 - Justice Department and CIA personnel who refused in 1995 to accept the offer of three dozen to 100 Stinger missiles that were offered by Afghani General Rashid Dostum, and which were then made available to Middle East terrorists. Details at the following Internet site: www.defraudingamerica.com/missiles_oct20.html.
 - False criminal charges against a covert CIA operative who testified in federal court about the personnel involved in the operation known as October Surprise—which consisted of U.S. personnel paying bribes to Iranian terrorists to delay the release of the 52 American hostages held in Iran.
 - False criminal contempt of court charges against former federal air safety agent who sought to report criminal activities in the FAA and other government entities, thereby blocking the exposure of misconduct that continued the conditions that insured the success of the September 11 terrorists, and terrorism yet to occur.

Corrupt Federal Judges Who Repeatedly Blocked Government Agents From Reporting Criminal Activities in Government Offices, Some Of Which Insured the Success of the 9-11 Hijackers

- Federal judges acting in unison with FBI and CIA personnel, and a CIA-front law firm, misusing federal courts to inflict massive personal and financial harm upon a former federal agent for attempting to provide to a federal court, as required by the federal crime reporting statute, information and evidence of criminal and subversive activities.
- For 20 years, federal judges engaged in a scheme to block the reporting of federal crimes that continue to inflict great harm upon national interests and upon the lives and the deaths of many people. Details at www.defraudingamerica.com.
