

The Worst Ongoing Series of Scandals in U.S. History

There is no excuse for any American remaining uninformed

DEFRAUDING AMERICA (1998 edition)

A coalition of 30 government agents (FBI, CIA, DEA, drug traffickers from within Colombian drug cartels) detail and document the Trojan-Horse-like corruption in the three branches of government and the disinformation and cover-ups by members of Congress, federal judges, Supreme Court justices, and most of the broadcast and print media. Within the 753-page encyclopedia can be found details and documentation relating to such scandals as:

- **Decades of CIA drug trafficking into the United States**, often with organized crime, later joined by the Drug Enforcement Administration, the military, and the National Security Council.
- **Bill Clinton, the far more serious misconduct omitted in the independent counsel's report**, covered up by most of the media, including Clinton's ties to the CIA and to drug trafficking, and its bipartisan nature.
- **America's political prisoners**. Government agents falsely accused after seeking to expose government corruption.
- **Pattern of scandals** revealed by those government agents and citizens falsely accused after seeking to expose government corruption.
- Secrets behind the bombing of **PAA Flight 103 and the downing of TWA Flight 800**.
- **Symbiotic involvement and criminal cover-up** by members of Congress, Department of Justice, federal judges, Supreme Court Justices, and most of the broadcast and print media.
- A professional air safety and accident investigator's description of the downing of **TWA Flight 800**, the prior **missile-warning letters kept from the public**, and the usual cover-ups.
- America's **human rights and political prisoners-hypocrisy**.
