

Warnings of Past and Future Catastrophes Arising from Documented Corruption, Cover-Ups, and Lying in Government Offices, and Public Denial and Apathy

A coalition of concerned former government agents and deep-cover operatives (FBI, CIA, DEA, ONI FAA, and others) reveal patterns of Trojan horse corruption, serial lying, and cover-ups—with links to 9-11, and future catastrophic events to be made possible by this culture. A few highlights follows:

- ◆ The *primary blame* for the success of 19 hijackers on 9-11 was not “intelligence failures,” but rather deep-seated corruption in the government’s aviation safety offices, compounded by cover-ups from key personnel in the three branches of government. This misconduct repeatedly blocked safety agents from acting on major safety threats, including 40 years of aircraft hijackings.
- ◆ Misconduct by Justice Department personnel that enabled terrorists to bomb the World Trade Center in 1993. By filing false criminal charges against government agent investigating the drug funding of terrorists who subsequently bombed the World Trade Center, they proceeded to bomb the WTC and plan for the 9-11 attack.
- ◆ Written warnings of surface-to-air missile attacks upon airliners prior to the downing of TWA Flight 800 and the cover-ups by members of Congress that enabled terrorists to acquire the weapons.
- ◆ Lawsuits filed by a former government agent seeking to report the criminal activities responsible for the conditions that enabled 19 hijackers to seize four airliners on 9-11. The corrupt conduct by a group of federal judges blocked these reports. The judicial misconduct included termination of all legal rights, retaliation against the former federal agent and witness for attempting to report these criminal and subversive activities, and corrupt seizure of the \$10 million in assets that funded his exposure activities. These judicial acts continued the documented corruptions that led to the catastrophic deaths of 3,000 people and the escalation of massive blowback consequences, and they are now continuing!
- ◆ The cover-up of these corrupt activities by members of Congress, the 9-11 commission, and the White House.
- ◆ The escalating pattern of serial lying by U.S. politicians to obtain public support for the war upon Iraq, with its awesome consequences for which there is no end in sight.
- ◆ The deadly blowback effects of other schemes by US politicians and government personnel, including the secret US funding of Iraq’s military buildup, including chemical and biological weapons; the secret US arming of Afghan rebels that resulted in Soviet intervention; the secret US subversion of the Iranian government in 1953—while the author was in Iran—which started the Middle East hatred against the United States.
