

Will the Public *Ever* Wake Up To the Corruption and Lies Enabling the Events of 9-11 and Other American Tragedies!!

Courageous government agents reveal deep-seated hardcore corruption by key people in the three branches of government that either caused, or enabled, the brutal events of 9-11 to occur. These government insiders reveal, for instance:

- *Deep-seated culture of corruption* in the government's aviation safety offices that has caused or enabled decades of preventable aviation disasters—including the hijackings of four airliners by 19 hijackers on 9-11—and 40 years of prior fatal hijackings.
- Preventable aviation disasters, terrorist threats, and other harm that will *continue to occur* due to the corruption, system-wide cover-ups, and the public's apathy, gullibility, and state of denial.
- Other unpublicized areas in which Americans suffered, and continue to suffer, the consequences of corruption in government offices. This *Trojan-horse corruption* is a greater threat and source of harm to Americans than terrorists from *outside* the United States.
- The *corrupt role played by federal judges*, who continue to block the reports of criminal activities involved in the 3,000 deaths on September 11, 2001.
- The *pattern of felony cover-ups by members of Congress* that plays key roles enabling criminal activities in government offices to continue.
- The inside truth for the *unprecedented refusal to hold public investigations into the blame for September 11, 2001*.
- The escalating bald-faced lies by government officials, and the public's gullibility in swallowing them.

Supporting Information and Documentation
