Ref: Former government agent notification off conduct aiding terrorist attacks on U.S.

To Representative Burton:

You have recently, very properly, chastised Department of Homeland Security Secretary Janet Napolitano and called for her resignation. The basis for that demand was her statement that the system worked to prevent the terrorist attack on Northwest Airlines Flight 253—when it obviously did not—and her department's failure to *act* on information that could have prevented that attack. I'm now providing *you* with information far more serious that played major roles in several prior terrorist successes, especially the 9/11 hijackings, and will continue until the misconduct is openly addressed.

I am a former key federal airline safety inspector that had been given the assignment to correct the conditions that at that time were responsible for the worst series of airline disasters in the nation's history. I am also a former international airline captain and Navy Patrol Plane Commander. I, and my coalition of other government agents and insiders, discovered over the years conduct that is far more serious than anything yet revealed about why a series of forewarned and easily preventable terrorist attacks have occurred.

The misconduct of various people and groups that made possible the easy successes on 9/11 provides the most documented example of why 3,000 people perished on that day and then led to the U.S. starting a war with Afghanistan and Iraq while people inside the United States had a far greater blame for making possible the successful hijackings. Compounding the deaths on 9/11 was the misconduct associated with other terrorist successes that has been kept from the American people.

There is too much involved to these matters that can be covered in this letter. Therefore, I list several of my Internet sites where there is considerable information on these matters:

- www.unfriendlyskies.com.
- www.defraudingamerica.com.
- www.defraudingamerica.com/911_index.html.
- www.defraudingamerica.com/terrorist_successes.html.
- www.defraudingamerica.com/stich_bio.html.

With the continuing surge of successful terrorist attacks against the United States, the past practice of cover-ups presents an even greater risk than in the past. Will you continue this practice?

Sincerely,

Rodney Stich

Most Complete Insider's View of Why Terrorist Attacks Against U.S. Have Succeeded

Unpublicized Explosive Details

Rodney Stich, former federal air safety expert, international airline captain, Navy patrol plane commander, documents via two explosive books the specific acts by groups in the U.S. that make possible a continuing series of terrorist attacks against the U.S. The errors that allowed the attempted bombing of Northwest Flight 253 were more serious and deeply embedded problems that will allow more terrorist attacks to succeed—unless the public gets informed and outraged.

Evidence (not conspiracy theories) can be found at the Internet sites listed below, and in two 600-plus-pages books that includes, for instance:

- **The 9/11 hijackings:** the people and groups in the U.S. that were complicit in covering up areas of misconduct that enabled four groups of terrorists to so easily hijack four airliners.
- **TWA Flight 800:** Why it was downed, and the advance notice provided to FBI-DOJ personnel by a Mafiosi mole in the al Qaeda cell headed by the infamous Ramzi Yousef, the mastermind behind the 1993 World Trade Center bombing and the planned simultaneous downing of 12 U.S. airliners departing Far East locations.
- **PAA 103 Lockerbie downing:** Evidence widely published in Europe showing DOJ personnel planted evidence, paying for the planted evidence; paying for perjured testimony; threatening witnesses not to testify; and falsely causing an innocent person to be imprisoned, and much more.
- **U.S. embassies bombings in Africa:** Advance information provided to FBI-DOJ personnel, who then withheld the information that could have otherwise been used to prevent the attacks.
- **Why high-level DOJ cover-ups:** The cover-ups were motivated by a high-level DOJ scheme to falsely discredit the future testimony of the former Mafiosi mole in the key al Qaeda cell. He was to testify in several murder trials about the serial murders perpetrated by his father, known as “The Killing Machine,” with the help of a key FBI supervisor in the New York City offices. That scheme traded cover-up of the FBI scandal for what followed, including several terrorist attacks, nearly 4,000 direct deaths, two wars, and much more. Should you be outraged!!
- Details of the bizarre attacks upon a former government airline safety inspector who sought to expose the misconduct behind the above catastrophic events—and years of earlier tragedies.
- Combination of a culture of incompetence, indifference, and misconduct is rampant throughout the area of terrorist activities and many other issues adversely affecting Americans. This system will continue until enough Americans become informed and outraged.
