Representative Robert Dornan
House of Representatives
Washington, DC

Dear Mr. Dornan,

What a line! I heard your speech before the Christian Coalition, and was amazed at the baloney you put out. Too bad your audience wasn't smart enough to know of the massive corruption occurring in government, and your coverup of it. This corruption¹ has, and is, inflicting enormous harm upon America, and upon many innocent people. And it's government employees like you who keep the lid on it and make its escalation possible.

I, a former federal investigator and then private investigator, made you aware of criminal and subversive activities by government officials, furnished you with a copy of *Defrauding America* that detailed and documented it, and made you aware of the great harm inflicted upon America and the American people. I reminded you of your duty as a congressman and under federal criminal statutes, and you chose instead to join the complicity of coverup.

You are not much different from the average Christian. They talk about their "God" and religion, while choosing to remain illiterate, indifferent, lazy, about the hard-core criminal acts involving corrupt government officials and employees. It takes courage to do this, while praying and talking religion is relatively safe, and totally useless for correcting the corruption that has been inflicting enormous harm upon our country and individual Americans.

Your speech catered to these traits, while keeping from this largely illiterate-about-government-corruption group the knowledge that you have about the criminal and subversive activities that are inflicting great harm upon them (and thousands of other innocent people), as well as financially and morally destroying the United States. You are a typical politician who has aided and abetted the great harm inflicted upon America.

Sincerely,

Rodney Stich

¹ The criminal activities that Stich initially discovered while a federal investigator included: (a) widespread and deeply entrenched pattern of CIA and DEA drug smuggling into the United States, aided and abetted by persons in employed by Customs, Justice Department, and other government agencies and branches; (b) converting federal bankruptcy courts into criminal enterprises through looting of assets by a conspiracy consisting of federal judges, trustees, covert Justice Department and CIA law firms; (c) CIA involvement in looting U.S. financial institutions, including the savings and loans; (d) CIA scheme known as "October Surprise," and its coverup; (e) Inslaw corruption involving Justice Department personnel and federal judges; (f) Operation Mount Rushmore, a CIA/Mossad scheme to assassinate presidential candidate Bill Clinton in San Francisco; (g) criminal coverup and obstruction of justice by Justice Department personnel, federal judges, and others, of each of these and other crimes; (h) felony persecution of informants, whistleblowers, and protesting victims by federal judges and prosecutors; (i) involvement of California judges in helping to carry out several of these schemes, including a ten-year pattern of judicial acts against Rodney Stich while violating blocks of California and federal statutes and constitutional protections, making them co-conspirators.
