Dear Sir:

The purpose of this certified letter is to make a record showing your latest obstruction of justice and coverup tactic.

My latest attempt to obtain relief from contempt of court charges, in retaliation for attempting to report very serious federal crimes implicating federal officials including federal judges, and to report subversive and criminal acts against the United States, was blocked by your court. I have made earlier attempts to report federal crimes that were blocked in a similar fashion.

The usual false statements were made by your office to prevent the filing of that latest action, and these included the following:

\* "The petition does not show how the writ will be in aid of the Court's appellate jurisdiction, what exceptional circumstances are present to warrant the exercise of the Court's discretionary powers, and why adequate relief cannot be obtained in any other form or from any other court. Rule 20.1."

Every one of the above *were* addressed in the petition. It is not the function or the authority of the clerk of the court to make a judicial determination of the sufficiency of these points.

\* "No motion for leave to proceed in forma pauperis, signed by the petitioner or by counsel, is attached. Rules 34.1 and 39."

That was another lie. The petition was attached and in the package that your office returned to me.

\* "No notarized affidavit or declaration of indigency is attached. Rule 39. You may use the enclosed form."

There is no requirement for that, as the declaration was in the motion/petition to proceed in former pauperis. The enclosed form that you refer to was not included, and this reference to an enclosed form, that was not included, was a repeat of earlier repeats.

Further, the petitions that you returned tried to report subversive and criminal activities<sup>1</sup> against the United States, involving, among others, federal judges. There is no requirement for the excuses that you stated to invoke your duty to receive the petitions.

After the long series of obstruction of justice, aiding and abetting, activities by the Justices of the Supreme Court, and the clerk of the court, I don't expect you to now change your tactics. However, this letter is for the record, to be used in subsequent editions of *Defrauding America* and

<sup>1</sup> The criminal activities include: (a) widespread and deeply entrenched pattern of CIA and DEA drug smuggling into the United States, aided and abetted by persons in employed by Customs, Justice Department, and other government agencies and branches; (b) converting federal bankruptcy courts into criminal enterprises through looting of assets by a conspiracy consisting of federal judges, trustees, covert Justice Department and CIA law firms; (c) CIA involvement in looting U.S. financial institutions, including the savings and loans; (d) CIA scheme known as "October Surprise," and its coverup; (e) Inslaw corruption involving Justice Department personnel and federal judges; (f) Operation Mount Rushmore, a CIA/Mossad scheme to assassinate presidential candidate Bill Clinton in San Francisco; (g) criminal coverup and obstruction of justice by Justice Department personnel, federal judges, and others, of each of these and other crimes; (h) felony persecution of informants, whistleblowers, and protesting victims by federal judges and prosecutors; (i) involvement of California judges in helping to carry out several of these schemes, including a ten-year pattern of judicial acts against Rodney Stich while violating blocks of California and federal statutes and constitutional protections, making them co-conspirators.

other books, and in the event the massive coverup and obstruction of justice can be circumvented, to hopefully have federal personnel, including you, criminally charged and removed from federal position.

Who knows, this enormous criminality against the United States and the American people may yet be exposed.

Sincerely,

Rodney Stich
