William K. Suter, Clerk  
Supreme Court of the United States  
1 First Street, N.E.  
Washington, DC 20543-0001

Ref: Second submission of Petition for Write of Certiorari

To Mr. Suter:

This is the second attempt to have my petition for writ of certiorari filed. For the record:

- Your letter of November 28, 2000, returning the first submission, implied that the lower court opinion was not appended, when it *was appended* to the original and each of the copies; and that a proof of service was not attached, when it was attached to each of the submissions.
- The replacement Form 4 is enclosed. Your letter returning the filings stated that the Form 4 was enclosed. It was not. Two phone calls to your office requesting the forms were not returned. I am submitting copies of Form 4 that were taken from the Internet on sites for the use of the legal fraternity.
- Similar blocks to the filings occurred in the past.
- The issues raised in the filings concern and document a systematic pattern of due process, equal protection, and denial of justice violations judicially perpetrated as part of a scheme to silence the exposure of criminal activities in key government and judicial offices that I, a former federal investigator and a group of other government agents had discovered.
- Obviously, the justices of the Supreme Court have a responsibility here, and further blocking of federal remedies will reflect upon them. These matters are being placed on the Internet for worldwide distribution, and described in various books.

Sincerely,

Rodney Stich
