Re: Submission of petition for writ of mandamus or prohibition; and notification of criminal activities against the United States discovered by petitioner and associated former federal investigators and CIA personnel, as required to be reported by federal criminal statutes.

Dear Justice:

The intent of this letter and the enclosed Petition is to *again* put you and the other Justices on notice of the criminal misuse of the federal courts by judges and Justice Department attorneys over whom you have supervisory responsibilities. Based upon prior tactics of the Supreme Court Clerk, I expect him to block the filing of the original of this Petition, and in that way "protect" the Justices from being identified with a coverup. Surely, he is acting on higher authority as he blocks the reporting of these serious crimes by federal personnel corruptly misusing their offices. This certified letter, containing the Petition, prevents you from denying knowledge of the serious charges made in the Petition. Of course, by now, the last thing that any of the Justices can claim is lack of knowledge of the charges, and the harm upon the United States arising from your coverup and obstruction of justice.

I still remember, and of course I have documentation, how from 1974 to 1982 I filed federal actions exposing the criminal activities relating to a series of fatal airline crashes, and how Justices of the Supreme Court supported the coverup and obstruction of justice by federal judges and their legal siblings in the Justice Department. In *Unfriendly Skies* I explain how this judicial coverup made possible the continuation of the criminal activities and the role played in specific disasters. And that pattern of air safety corruption is relatively minor compared to the criminal activities I subsequently uncovered. I have to give the Justices credit, however. If it wasn't for the Justices' coverup and obstruction of justice I would not have had to continue my exposure activities, endured the subsequent judicial persecution, and then discovered crimes far worse against the American people. The Supreme Court corruption made these discoveries possible.

Many of the areas of subversive and criminal activities that I brought to your attention via submission of petitions, letters, or copies of *Defrauding America*, are within your area of supervisory responsibilities. Your tacit approval of these acts makes you financially and criminally liable, as I read the law. Of course, you protect yourself with the phony argument of judicial immunity, needed to protect the integrity of the court. That is a farce.

The enclosed Petition focuses on one area, seeking relief from the nine-year attempt to imprison me for exercising federal crime-reporting responsibilities and exercising constitutional and statutory protections against the judicial retaliation. As you can see from the Petition, I'm in the ninth year of being criminally persecuted by your thugs in the lower court in retaliation for (1) trying to report the massive criminal activities that I and a group of deep-cover CIA and other government personnel discovered; (2) trying to obtain relief, under the Civil Rights Act and other constitutional and statutory protections, from the judicial scheme to silence me, which included record-setting civil and constitutional violations by the same judges paid and entrusted to protect these rights; (3) for

appealing the corrupt judicial seizure of my life's assets. At this time there is a criminal contempt of court proceeding in San Francisco,<sup>1</sup> threatening to imprison me because I filed a federal action in Chicago, away from the corrupt Ninth Circuit, seeking to expose the massive bankruptcy court criminality and seeking relief from the judicial persecution against me.

There is another criminal contempt sentence ready to be carried out. Remember? After you allowed the lower court's to continue the litany of civil rights violations against me in the sham California action, and I exercised Chapter 11 seeking to force a federal judge to focus on the corrupt acts, you allowed the seizure of my life's assets, violating constitutional and statutory protections of a noticed hearing, any hearing, legally recognized cause, and others. Justices of the Supreme Court permitted this outrage, and permitted the order barring me from filing appeals to the criminal seizure. When I exercised federal remedies against the seizure of these assets, a corrupt federal judge (Edward Jellen, Oakland) charged with criminal contempt of court, denied me legal counsel (although there was \$10 million in assets in my estates), denied me the right to testify, and sentenced me to federal prison. District Judge Samuel Conti, without any hearing or briefing, confirmed that sentence, approving the criminality.

Every criminal contempt charge filed against me since 1987, and they are continuous in nature, attempted to block my reporting of criminal activities<sup>2</sup> that included, among others, crooked federal judges and Justice Department attorneys.

These judicial and Justice Department retaliatory acts are criminal under federal criminal statutes,<sup>3</sup> perpetrated with the understanding that all higher judicial levels will protect the racketeering activities. You have carried out this protection admirably, to the detriment of the United States and the American people. Described in the Petition, prior papers sent to you, and in the two books, *Defrauding America* and *Unfriendly Skies*, is the greatest scandal ever exposed in the history

<sup>1</sup> *USA v Stich*, CR 90-0646 VRW.

<sup>2</sup> The criminal activities include: (a) widespread and deeply entrenched pattern of CIA and DEA drug smuggling into the United States, aided and abetted by persons in employed by Customs, Justice Department, and other government agencies and branches; (b) converting federal bankruptcy courts into criminal enterprises through looting of assets by a conspiracy consisting of federal judges, trustees, covert Justice Department and CIA law firms; (c) CIA involvement in looting U.S. financial institutions, including the savings and loans; (d) CIA scheme known as "October Surprise," and its coverup; (e) Inslaw corruption involving Justice Department personnel and federal judges; (f) Operation Mount Rushmore, a CIA/Mossad scheme to assassinate presidential candidate Bill Clinton in San Francisco; (g) criminal coverup and obstruction of justice by Justice Department personnel, federal judges, and others, of each of these and other crimes; (h) felony persecution of informants, whistleblowers, and protesting victims by federal judges and prosecutors; (i) involvement of California judges in helping to carry out several of these schemes, including a ten-year pattern of judicial acts against Rodney Stich while violating blocks of California and federal statutes and constitutional protections, making them co-conspirators.

**Title 18 U.S.C. § 241. Conspiracy against rights of citizens**

If two or more persons conspire to injure, oppress, threaten, or intimidate any citizen in the free exercise or enjoyment of any right or privilege secured to him by the Constitution or laws of the United States, or because of his having so exercised the same; ... of the United States. And you are in the center of it, making the racketeering activities possible.

Many people have been sent to prison for offenses such as not promptly reporting federal crimes to a federal tribunal. The wrong people are being put in prison. The crimes are far worse than were and are being perpetrated by you, your fellow Justices, Justice Department personnel, and other government personnel, who perpetrate or who know of these crimes, who block their reporting, or worse, retaliate against the person trying to make the report. For nine years you have permitted me to be judicially persecuted, stripped of my assets, sentenced to federal prison, solely because I exercised a degree of responsibility that is needed under our form of government.

Your actions have been to aid and abet, protect the guilty, and in the process subvert and undermine the Constitution and laws of the United States. The federal judiciary, under the Justice's supervision, has been made into a racketeering enterprise. This is explained in the two recent books.

You, and the other Justices, have been made aware of the criminal activities that I uncovered as a federal investigator and then a private investigator, from filings that I submitted to the Supreme Court since 1974. The first filings from 1974 until 1982 related the pattern of air safety and criminal acts associated with a series of fatal airline crashes that I and other federal investigators uncovered. The Supreme Court's coverup and obstruction of justice permitted this conduct to continue, with tragic consequences. From 1982 to 1987 I made this Court aware of the judicial conspiracy to silence me through the sham California action,<sup>4</sup> the intent of which was to strip me of the assets that funded my exposure activities.

Prior editions of *Defrauding America*, which describes in detail the sordid nature of the federal judiciary and its offenses against the United States, is receiving more attention from overseas sources. With the increasing amount of supporting data, and enlargement of the Supreme Court's coverage in the third edition, the Justices of the Supreme Court may finally get the attention they earned.

If I were still a federal investigator, my report would show you and the other Justices as engaging in subversive and criminal activities, undermining the government of the United States, aiding and abetting the perpetration of very serious harm upon the American people. Unfortunately for Americans, the U.S. media is engaging in a coverup and thereby protecting you, and the others involved in the criminal activities. The nation's crime problems cannot be solved without first addressing the criminal activities that I have documented, including the Justice Department and courts, which establish the mindset throughout the United States.

I'm 71 years old now, and my time undoubtedly is somewhat limited. However, I hope that if I cannot bring about your impeachment and criminal prosecution, along with the many thugs you are protecting, that someone else will have the courage and backbone to bring it about, for the sake of our national survival. It is my hope that some day, before I leave this earth, I can witness the impeachment and criminal prosecution of the Justices of the U.S. Supreme Court, who I had observed for the last twenty years engaging in criminal coverup and obstruction of justice.

I went to war for my country, but not to save it for the scumbags in the judicial fraternity.

<sup>4</sup> The sham "divorce" action was a judicial scheme to strip me of the funds used to expose the criminal activities, including the federal judges and Justice Department personnel named in two books, *Unfriendly Skies*. I had been legally divorced for 20 years; had five divorce judgments establishing that fact; my former wife had been declaring herself divorced during this entire time; and the federal government recognized that fact through higher social security payments to the Texas resident. Federal and California statutes, rules of court, constitutional full faith and credit clause, and related case law, required recognition of the five judgments and my personal and property rights. Additionally, under California law the California judges engaged in the judicial charade clearly lacked jurisdiction on the basis of any of the five prior judgments. To this day, ten years after I first exercised declaratory and injunctive statutory remedies, federal judges have refused to perform their mandatory duty to render a declaratory judgment, and my rights are now in shambles. But to have exercised their judicial responsibility and rendered a judgment would have exposed the scheme, blocked its success, and possibly exposed the criminal activities that I sought to report.

Sincerely,

Rodney Stich
