

9/11's Biggest Story Has Yet To Be Told

9/11'S MISSING DEFENDANTS

As detailed in the not-for-profits books, *Unfriendly Skies: 20th and 21st Centuries*, and *Crimes of the FBI-DOJ, Mafia, and al Qaeda*, here are some important highlights:

Crimes of the FBI-DOJ, Mafia, & al Qaeda

Greatest Number of Successful
History, and the Continuation

◆ FBI and other Department of Justice personnel were receiving periodic information on a series of terrorist attacks from a former New York City Mafiosi acting as a mole inside the al Qaeda cell headed by al Qaeda's Ramzi Yousef. Yousef was the mastermind behind the 1993 bombing of the World Trade Center and the plan to simultaneously bomb a dozen U.S. airliners departing Far East locations.

◆ The cover-ups were motivated by a scheme to falsely discredit the testimony of the former Mafiosi mole, who was scheduled to testify in several murder trials about the murders perpetrated by his father, known as "The Killing Machine," with the help of a key FBI supervisor in the New York City offices.

But Wait, There is More!

◆ To cover up for the deadly cover-up, the 9/11 Commission, controlled by its DOJ members who were also involved in the prior cover-ups, omitted this critical information. That cover-up blocked preventative measures from being taken, enabling the deaths of nearly 3,000 people.

◆ Also omitted by the 9/11 Commission members was the role of the FAA and its history as enablers of many prior preventable aviation disasters.

◆ Further, many members of Congress had been given information of these matters, and covered up, becoming enablers.

◆ And much more, as detailed and documented in the two following not-for-profit books.

◆ A recent TV producer stated that there were so many problems affecting the American people that they couldn't handle this. But it is the prior history of cover-ups that made possible the seemingly endless problems affecting the American people and the United States.
