March 1, 2001

President George Bush, Jr.  
The White House  
1600 Pennsylvania Avenue  
Washington, DC 20500

Reference: Former Navy pilot from your father's days, and former federal agent reporting corrupt activity that is hold-over from the prior Administration.

To President Bush:

A minor matter to possibly get your attention. Your father and I received our Navy wings at approximately the same time; he received his at the Corpus Christi Naval Air Station while I received mine at the Pensacola Naval Air Station in 1943.<sup>1</sup> With that bit of trivia out of the way, this letter brings to your attention a pattern of criminal activities in certain government offices that carries over from the prior administration and falls within the responsibilities of your administration.

The attached letter which I had sent earlier to Representative Howard Coble, chairman of the House subcommittee on the courts, explains the misconduct by lawyers in the U.S. Department of Justice to retaliate against me for attempting to report criminal activities that are required to be reported under the federal crime reporting statute, Title 18 U.S.C. § 4. As you can see, I received the proverbial stonewalling by that member of Congress. Anyone blocking a witness—and certainly a former federal agent—from reporting criminal activities under the federal crime reporting statute, is committing felonies under the obstruction of justice statutes, including Title 18 U.S.C. §§ 2, 3, and 4.

When I continued my efforts to meet this responsibility, and my right as a citizen, Justice Department lawyers and federal charged me with criminal contempt of court. To retaliate against a former federal agent—especially one reporting matters with grave national consequences—are felonies under Title 18 U.S.C. §§ 35, 111, 153, 241, 242, 245(b)(1)(B), 246, 371, 1341, 1343, 1503, 1505, 1512, 1513(b), 1515(a).

Making these crimes against the United States even worse, the reporting of the criminal activities that were being blocked continue to inflict great harm upon the United States and its people. These matters are described in the third editions of *Defrauding America* and *Unfriendly Skies*, and the first editions of *Drugging America* and *Disavow*.

Adding still another shocking revelation, the obstruction and felony retaliation against a former federal agent for exercising important responsibilities and rights was perpetrated by corrupt Justice Department lawyers and federal judges. These matters are documented.

I, and my group of other former federal agents, have attempted to report a pattern of criminal activities

---

<sup>1</sup> As a little bit of trivia, your father claims he was the youngest Navy pilot at that time. I had always said that I was the youngest naval pilot then, but since he made his claim, I have modified mine to indicate I was the youngest multi-engine navy pilot, being a PBY flight instructor and Patrol Plane Commander (PPC) in Liberators and Privateers at the age of 20.

in key judicial and government positions that we discovered over the years. In retaliation, Justice Department lawyers and federal judges, acting in unison, inflicted great personal and financial harm upon me and also upon some of my other federal agents.

You recently said that all citizens must be treated equally. The corrupt misuse of government offices has made a mockery of that goal, and made a mockery of America's human rights position.

The details are partly in the copy of Coble's letter, my web sites ([www.defraudingamerica.com](http://www.defraudingamerica.com)), and in my various books, reveals a shocking picture of hard-core criminal misconduct in government offices and the felony obstruction of justice/cover-ups by every government check and balance.

As a navy pilot, I didn't risk my neck to come back to the United States and be personally and financially destroyed for carrying out the government's duties while I was an FAA inspector, and for exercising the requirement to report major criminal activities in the federal courts and other federal offices.

### **Please—No Stonewalling**

Anyone who stonewalls these matters will become implicated with the criminal activities that are documented. This and other letters appear on the Internet and in books that I write. I would like to think your statements have some meaning associated with them. I'm with you on your ideology and we need a change from the past presidency. The corruption in the Justice Department and the courts, however, transcends changes in administrations. Now, let's see if you have the courage of doing something about this. Suggested responses:

- Have your attorney general start meaningful contact with me to where I and my group of other former federal agents so that we can present information on the corrupt and criminal activities to a proper forum.
- But first, I need help that the Justice Department is responsible to provide against the onslaught of documented civil and constitutional violations that were part of the bizarre scheme to halt my exposure activities. Among the many outrages inflicted upon me by corrupt federal judges with the assistance of Justice Department lawyers were:
  - Charging me with criminal contempt of court for seeking to report the criminal activities that I and my group of other federal agents had discovered while acting under our government offices.
  - Charging me with criminal contempt of court for exercising legal and constitutional due process defenses against record-setting violations of state and federal laws by federal judges.
  - Corruptly seizing my \$10 million in assets, including my home, my businesses, everything, that funded my exposure activities, violating the legal and constitutional requirement of a noticed hearing, a hearing, and cause. The property was just taken, with the apparent realization that every government check and balance would protect the corrupt judicial acts.

This is only a start to the federal offenses perpetrated to block the reporting of criminal activities in government. At nearly 80, I don't have much time left, and I would like to see someone, somewhere, exercise their responsibilities to act on the widespread corruption we discovered in federal courts and other government entities.

Major national interests are involved with these matters. The documented corruption is adversely affecting the internal security of the United States and corrupting various government offices. More information can be found in my various books and at my various web sites that are listed at the top of the first page.

Your response will reveal whether you are all talk, or there is some substance to your statements. Do nothing, or continue the stonewalling, and the publicity could come back to haunt you.

Sincerely,

Rodney Stich
