Reference: Making a record of your non-response and cover-up to charges of serious criminal misconduct in key offices of your administration.

To President Bush:

On March 1, 2001, I sent to you a letter with charges of serious corruption in areas for which you and your administration has responsibility and in which certain personnel are criminally implicated. Continued harm to the internal security of the United States and to the people being traumatized by these criminal activities will continue if meaningful reaction to that letter and the charges do not promptly occur. To take such meaningful action requires contacting me and my group of other former federal agents to get the details. Because of the documented pattern of cover-ups, obstruction of justice, and even retaliation against whistle blowing federal agents by personnel within the U.S. Department of Justice, these charges cannot be turned over to any division of that agency.

Among the personnel involved in the many areas of corrupt and criminal activities is a person that you recently appointed to a key government position. One of my CIA sources, who headed a covert CIA financial operation that included that person, provided me data showing secret bank accounts funded for him (and several other well-known politicians) by the CIA operation he headed.

The following is a partial list of the corrupt and criminal activities that these former federal agents and I discovered. These charges are so serious, and the ramifications to the United States and its people so ominous, that any cover-up makes that person become implicated in the criminal and subversive activities. For the record, I'm supportive of your ideology and stated attempts to bring integrity into government. Your reaction to these charges will help show whether the rhetoric is only for public consumption.

## **Decades Of Drug Smuggling Into the United States**

- Decades of drug smuggling into the United States by people acting under cover of government positions and covert government operations. Included in the evidence proving this charge are the following:
  - Former head of a secret CIA airline, who provided me over several years with detailed letters, verbal communications, affidavits, and documentation, describing the drugs that he was ordered to transport for the CIA.

- Former head of a secret CIA financial operation, who provided me over the years with information and documentation about the drug offenses that were done by CIA assets in the covert operation in which he was the titular head.
- Other former CIA agents providing similar data.
- Former FBI agent, highly decorated helicopter pilot during the Vietnam War, who discovered CIA drug trafficking to American servicemen during the Vietnam War and who later discovered and reported CIA drug smuggling with the American Mafia while he headed an FBI investigative team.
- My discovery as an airline captain in overseas flying, commencing nearly 40 years ago, and what I subsequently learned from several dozen former federal agents, drug traffickers, and in hidden congressional reports.
- Details in my various books published for the purpose of informing the public: the third editions of *Defrauding America* and *Unfriendly Skies* and the first editions of *Drugging America* and *Disavow*.
- Further details on the following web sites: [www.defraudingamerica.com](http://www.defraudingamerica.com), [www.druggingamerica.com](http://www.druggingamerica.com), and [www.unfriendlyskies.com](http://www.unfriendlyskies.com).
- Other reliable sources, including testimony given to members of Congress by insiders, which has been withheld from the public.
- Role played by the CIA-DEA drug smuggling operation in the bombing of Pan American flight 103 over Lockerbie. Two of my sources, including a former agent for the Defense Intelligence Agency (DIA), and government documents that I obtained, described the role of CIA-DEA agents, with Syrian and Lebanese drug smuggling, using Pan Am aircraft out of Frankfurt.

#### **CIA Funding Of Secret Bank Accounts For U.S. Officials**

- Funding of secret bank accounts for well-known political figures by CIA operations. This information, and documentation was conveyed to me by the former head of a covert CIA financial operation. You recently appointed one of these recipients to a key government position despite knowledge of his prior involvement in CIA-related drug trafficking.

#### **Widespread Looting Of Assets In the Bankruptcy Courts**

- Widespread corruption in the bankruptcy courts involving federal judges, judge-appointed trustees (including infamous trustee Charles Duck), Justice Department appointed trustees, lawyers, law firms, and CIA operatives. The corruption includes unlawfully and unconstitutionally seizing the assets of people and companies that exercise the statutory protections of Chapter 11, only to be stripped of their life assets. The victims include thousands of elderly persons corruptly and criminally stripped of their life assets. Evidence of this pattern of corruption is included in my books, the third editions of *Defrauding America* and *Unfriendly Skies*, and in the documents I have accumulated during the past 15 years. The Justice Department has a legal responsibility to halt this racketeering activity. Instead, it has aided and abetted the criminal activities, just as the personnel in control of this government agency has covered up for every criminal activities described in this letter and the related books and web sites.

#### **Series Of Corruption Activities**

Although the following criminal activities are history, they show the pattern of corrupt activities inflicted upon the United States and its people by those in control of the system:

- October Surprise and its cover-up, as described to me by two CIA assets who were directly involved in it. This was the scheme involving the CIA and political figures from both political parties who blocked the release of the 52 American hostages held captive in Teheran, to obtain a political advantage in the 1981 presidential election between President Jimmy Carter and Ronald Reagan.
- CIA looting of the savings and loans, the HUD program, and other financial frauds, as conveyed to me by several CIA assets who were part of the offenses, under orders of their CIA superiors.

- Other corrupt CIA operations, as told to me by CIA insiders, and supported by documents, which included drug money laundering, funding of secret bank accounts for politicians in prior and current administrations, assisting Ferdinand and Imelda Marcus to hide funds that were being sought by the FBI.

### **Pattern Of Documented Corrupt and Criminal Acts By Federal Judges**

Evidence of twenty years of documented judicial corruption was offered to you and other members of Congress. These crimes fall within the responsibilities of the Justice Department—for which you have responsibilities—and also under the responsibilities of Congress. I have recorded and documented 40 years of uninterrupted cover-ups of these crimes by both of these groups. This pattern of documented judicial corruption includes, for instance:

- Federal judges repeatedly blocking the reporting of criminal activities that I, a former federal investigator and my group of several dozen other former federal agents tried to report to a federal court under the mandatory federal crime reporting statute, Title 18 U.S.C. § 4 and Title 28 U.S.C. § 1361. This documented pattern of judicial obstruction of justice constituted multiple criminal acts under Title 18 U.S.C. §§ 2, 3, and 4.
- Federal judges and Justice Department personnel charging me with criminal contempt of court when I attempted to report these criminal activities that I and my group of other former federal agents had discovered. Inflicting harm upon a former federal agent and witness for attempting to report criminal activities are felonies under Title 18 U.S.C. ' ' 2, 3, 4, 35, 241; 111, 153, 241, 242, 245 (b)(1)(B); 246, 371, 1341, 1343, 1505, 1510, 1512, 1513 (b), 1515(a)(3)(A); 42 U.S.C. ' ' 1961-1965, which are worse offenses when perpetrated by federal judges and Justice Department lawyers.
- Federal judges issued unlawful and unconstitutional orders barring me for the remainder of my life from federal court access. These orders blocked me from reporting the criminal activities under the federal crime reporting statute and blocked me from exercising the numerous federal defenses against the record numbers of state and federal laws that were being judicially violated as part of a bizarre scheme to destroy my ability to report the criminal activities. Organized crime never had it this good!
- Federal judges violating dozens of state and federal laws and constitutional protections, inflicting grave personal and financial harm upon me, and then depriving me of the federal defenses against intended to protect any citizen against these violations of federally protected rights.
- Federal judges misusing the federal courts in a conspiracy with a CIA-front law firm that targeted the \$10 million in assets that funded my exposure activities, that required violating dozens of state states and rules of court and numerous federal laws and constitutional provisions, following by denial of all federal defenses.

### **Documented Corrupt and Criminal acts Associated With Specific Airline Crashes**

As a former federal air safety inspector responsible for air safety at the world's largest airline:

- Pattern of air safety and criminal acts directly related to a series of fatal airline crashes, many of them occurring in my direct area of federal air safety responsibilities while I was responsible for air safety at the most senior program at United Airlines. Many people died as a result of this misconduct and the cover-ups by members of Congress. This culture is still deeply embedded within the FAA and had played an unpublicized role in several recent airline disasters. Some details of this documented corruption and related deaths can be found in the third edition of *Unfriendly Skies* and in the web site, [www.unfriendlyskies.com](http://www.unfriendlyskies.com).
- Misconduct allowing dozens of SAM missiles to be acquired by terrorist group. Several years ago, I sent a three page warning letter to every member of the House and Senate intelligence committees warning of missile attacks upon commercial aircraft, based upon documentation and

other evidence obtained from one of my many CIA sources. The letters urged that the recipients immediately contact me and my CIA source to prevent as many as 100 SAM missiles being transferred to terrorists. Not a single recipient in Congress responded, which permitted the missiles to be received by terrorists. It is possible that one of these missiles was used to bring down TWA Flight 800, and to bring down other commercial aircraft in the future.

### **Pattern Of Misconduct By Justice Department Officials and Lawyers**

Pattern of documented misconduct by Justice Department personnel, which includes blocking exposure of major criminal activities implicating key people in government and filing false charges against government agents who sought to expose these corrupt acts, to silence or discredit them. Details are located in each of my prior books.

### **Felony Offenses Perpetrated by Members Of Congress**

I have documented cover-ups and obstruction of justice by members of Congress for the past 40 years, commencing while I was a federal air safety inspector. This congressional cover-up made possible the continuation of the criminal and even subversive conduct that is described in my books. Many men and women, including some of your constituents, have been sentenced to federal prison for failure to report relatively minor federal offenses whose gravity does not even merit a place on the scale measuring the offenses and culture involving members of Congress.

### **Tragedies Made Possible By Cover-Ups**

The tragedies caused by the corruption that I and other former federal agents brought to the attention of members of Congress could have been halted, and in some cases prevented, if members of Congress had met their responsibilities as members of Congress and under the federal criminal statutes (including Title 18 U.S.C. §§ 2, 3, and 4). The tragedies resulting from congressional cover-ups by various government checks and balances include, for instance:

- Fraud-related airline crashes. Many of the people killed as a result of known air safety and criminal violations that I and other federal inspectors discovered and reported could have been prevented if members of Congress had not continued the continual cover-up of such matters. This relationship is described in the third edition of *Unfriendly Skies*. This same congressional cover-up occurred after I sent a three-page letter warning to members of Congress, warning of missile attacks upon commercial aircraft that were sent several months prior to the downing of TWA Flight 800. (That letter is on the Internet sites listed in this letter. The basis for the warning letters was information and documentation provided to me by a former head of a secret CIA operation that had world-wide attention in the mid-1980s.)
- Killings, property seizure, void of constitutional protections, imprisonment of tens of thousands of men and women, and much more, much of it the result of four decades of drug smuggling by people acting under cover of government agencies and operations, and even including people in the high government offices.
- Countless personal and financial tragedies arising from corrupt federal judges, described in my books, includes the widespread corrupt seizing of assets, the documented obstruction of justice, judicially perpetrated civil and constitutional violations, judicial lying, and much more, spreading their cancerous corruption throughout government and society.

### **The Outrageous Contradiction Between the System's "War-On-Drugs" and Crimes Perpetrated By Those In Control Of the System**

While engaging in repeated obstruction of justice offenses, people in control of the Justice Department, members of congress, and others within the "system," have repeatedly passed legislation and filed charges against the people:

- Draconian prison sentence legislation. Members of Congress have legislated draconian prison sentences for relatively minor drug offenses that have put tens of thousands of men and women in prison, sometimes for life, with further outrages perpetrated by Justice Department personnel paying for perjured testimony, filing false charges, filing exaggerated charges, threatening to charge aged parents and children.
- Conspiracy statutes. Members of Congress legislating and Justice Department lawyers misusing the conspiracy statutes in such a way that people totally uninvolved in drug or other offenses to be imprisoned for years, and even life.
- Forfeiture statutes. Members of Congress legislating forfeiture statutes that are then further misused by Justice Department lawyers in such a way that properties are taken from totally innocent people, or from people judged innocent, or properties whose value far exceeds the nature of the offense.
- Routine use of perjured testimony to put innocent people in prison, paying criminals, government informants, and prosecutors to routinely lie.
- Making felonies out of minor matters, such as filling in a low spot on private land.

**Your Responsibilities Cannot Be Met By Turning This Matter Over To the Justice Department**

In the event you seek to claim you reacted to these charges by turning this letter over to the Justice Department, I bring this information to your attention:

- For over 20 years, the personnel at the U.S. Department of Justice have been covering up for each of the many corrupt and criminal activities that I brought to your attention and which I write about in my books. Obviously the same Justice Department personnel are not about to expose the crimes in which they became implicated through cover-ups.
- Justice Department personnel have retaliated against me, a former federal agent, for attempting to report these criminal activities to a federal court as required by the federal crime reporting statute. They charged me with criminal contempt of court for accessing the federal courts to report the criminal.
- Justice Department personnel have filed false charges against numerous federal agents, including FBI agents, who sought to report criminal activities implicating key government personnel, including CIA drug smuggling.
- Justice Department personnel who became implicated with federal judges and a CIA-front law firm misusing the courts and a pattern of civil rights violations to silence government whistleblowers, including me.
